

IPSWICH CITY COUNCIL

REINSTATEMENT OF A REMOVAL BUILDING

OVERVIEW

The information contained in this fact sheet is only applicable where a building approval is required for building works associated with a single residential dwelling. This information is a guide only and not intended as a substitute for consulting the relevant legislation or for obtaining appropriate professional advice relevant to your particular circumstances.

APPROVALS REQUIRED

Building Approval

Reinstatement of a building requires building approval in accordance with the *Building Act 1975*. This can be obtained from Council or a Private Building Certifier. For assistance with lodging a building application with Council, refer to the [Building Application Lodgement Checklist](#).

Note: No movement of the building into the Ipswich area shall occur prior to the issue of a building approval.

Plumbing Approval

Plumbing approval with Council is required for any reinstatement building in accordance with the *Plumbing and Drainage Act 2002*. For assistance with lodging a plumbing application, refer to the [Plumbing Application Lodgement Checklist](#).

Referral Agency Approval

Reinstatement of a removal building will require amenity and aesthetics consideration assessment and reinstatement building security amount assessment by way of a [Referral Agency Assessment Application](#) to Council.

OTHER APPROVALS

Town Planning

The proposed site may also be subject to a planning approval, if the site is subject to heritage/character requirements, affected by past underground mining, affected by flooding, reconfiguring a lot (subdivisions), dual occupancy (two dwelling on a site) etc. To determine whether an application under the current Ipswich Planning Scheme is required for the proposed site contact Council's Development Planning Section on (07) 3810 6888.

Note: If an application under the Ipswich Planning Scheme is required, approval will need to be obtained prior to the issue of the building approval.

BUILDING REINSTATEMENT PROCESS

Reinstatement of a removal building requires the following:

1. Lodgement of a [Referral Agency Assessment Application](#) with Council.
2. Payment of the following associated fees if the removal building is located:

• inside Ipswich City boundaries	\$710.00
• outside Ipswich City boundaries (within 50km of Ipswich City boundary)	\$915.00
• outside Ipswich City boundaries (more than 50km of Ipswich City boundary)	\$1,045.00 plus
○ add \$2.15 per additional km beyond 50km from the Ipswich City Boundary	\$2.15/km
3. Once a referral agency assessment application has been lodged and fees paid, Council will contact you to arrange for an inspection of the building you propose to reinstate prior to its removal.
4. Having inspected the building and determined it to be a suitable building to be relocated to Ipswich, Council will determine the amount of security bond. Unless extenuating circumstances* exist the fee associated with this security bond will be:

• Administration fee	\$380.00
• Minimum security bond amount	\$85,000.00

* Extenuating circumstances may exist where the proposed building is in immaculate condition or where an applicant can provide written quotes from licensed trades persons for the complete reinstatement and these quotes amount to less than the minimum security bond amount.

IPSWICH CITY COUNCIL

REINSTATEMENT OF A REMOVAL BUILDING

BUILDING REINSTATEMENT PROCESS

4. Continued

During the reinstatement process a request can be made for incremental returns of the security bond after completion of certain stages of the reinstatement process. Any such return will be subject to a satisfactory inspection by Council, however the security bond will not be reduced below the value of any remaining works required to be undertaken.

5. After determining the security bond, a referral agency response will be issued with any conditions for the building reinstatement, including security bonds to be paid, to form part of your building approval. All fees associated with the security bond will need to be paid prior to the issue of the building approval.
6. Once the referral agency response has been issued and the applicable security bond and fees paid, the building certifier (Council or a Private Building Certifier) will be able to discuss with you all the aspects necessary for the issuing of the building approval.
7. After completion of the reinstatement of the building and all finals (building and plumbing) have been obtained, contact Council for a final inspection so that all remaining security bond monies being held by council can be released.

Note: Full return of the security bond will only occur once the building has final building approval issued (and plumbing approval if required).

ADJOINING PROPERTIES

If the proposed building or structure has the potential to impact on a neighbour, it is recommended that you consult with that neighbour before starting any work. Consultation with your neighbour may help to avoid disputes later. Further information about avoiding disputes can be found on the [Queensland Government](#) website.

If the **adjoining property owner is Council**, contact Council's Property Team on (07) 3810 6617 to initially discuss your proposal.

FURTHER INFORMATION

All reinstatement work should be carried out by suitably qualified persons.
