

Animal Permit Application Kit

Keeping Animals in Ipswich

Period of 1 July 2011 - 30 June 2012

GUIDE FOR COMPLETION OF PERMIT APPLICATION

Depending on the number and type of animals you wish to keep in Ipswich you may require a permit. The Quick reference guide will help you decide which permit, if any, you require.

Keepers of any animals are required to comply with the minimum standards as outlined in the Local Laws regardless of whether a permit is required or not.

Prior to making application, Planning and Development assessment is required for all commercial activities (this is any activity other than domestic - may include large scale hobbies), a Kennel Permit, any Non-Standard Permit for cats or birds or the keeping of any animals under the Other Animals section.

PART A

Read through the Minimum Standards and if you can comply with **ALL** of them then tick the Yes box.

Read through the Conditions for the permit you wish to apply for and tick the **Yes** box if you can comply or the **No** box if you can not comply with each of the conditions.

Note: An application for a Non-Standard Permit is required where you are unable to comply with the standard conditions. A Non-Standard Permit is more expensive to apply for as it requires an inspection of the property.

PART B

ALL applicants **MUST** also complete **Part B – Application for Permit**.

Once completed, return Part A and Part B to Council along with payment so your application can be assessed.

Note: If any animal causes a nuisance the keeper may be liable for an on the spot fine or be required to remove the animals from the property.
