Information Privacy Collection Notice

Ipswich City Council is collecting your personal information in accordance with the Building Regulation 2006 so that we can process you application and perform our responsibilities under the Regulation. We will not disclose your personal information outside of Council unless we are required by law or you have given your consent. However, in order to perform the above functions we may need to disclose your personal information to the Chief Executive who may in turn make this information available to others in accordance with the Regulation. By completing and signing this form and returning it to Council, we will consider that you have given us your consent to manage your personal information in the manner described in Council's Privacy Statement, Personal Information Digest and this collection notice.

Competent Person's Details
 A competent person must be assessed as competent before carrying out the inspection.
 The builder for the work cannot give a stage certificate of inspection.
 A competent person is assessed by the building certifier for the work as competent to practice in an aspect of the building and specification design, because of the individual's skill, experience and qualifications. The competent person must be registered or licensed under a law applying in the State to practice the aspect.
 If no relevant law requires the individual to be licensed or registered, the certifier must assess the individual as having appropriate experience, qualifications or skills to be able to give the help.
 If the chief executive issues any guidelines for assessing a competent person, the building certifier must use the guidelines when assessing the person.

| | |
|--------------------------|--|
| <input type="checkbox"/> | QBSA Licensee Aspect Certificate I, the QBSA Licensee for the aspect of building work, certify the building work described above complies with the building development approval. |
| Signature: | |
| Date: | |

Note:
 Inspection certificates certify that the stages of building work comply with the development approval.
 Aspect Certificates certify that the aspects that make up the stages of building work comply with the development approval.
 Inspection Certificates and Aspect Certificates must be signed by the building certifier or the individual assessed by the building certifier as competent [Building Regulation 2006 s17].
 QBSA Licensee can certify that the aspect of building work for a single detached 1A or Class 10 building or structure complies with the approval under section 43 of the *Building Regulation* 2006. A QBSA Licensee must be licensed to carry out the work for the aspect and give a certificate OR the aspect of the work is carried out by the QBSA Licensee who, when it was carried out, held a licence for the aspect.
