<b>7. Building certifier reference number and development approval number</b>	Building approval number <div style="border: 1px solid black; height: 20px; width: 100%;"></div>		

**8. Competent Person Details**

A **competent person** must be assessed as competent before carrying out the inspection.

The builder for the work cannot give a stage certificate of inspection.

A competent person is assessed by the building certifier for the work as competent to practice in an aspect of the building and specification design, because of the individual's skill, experience and qualifications. The competent person must be registered or licensed under a law applying in the State to practice the aspect.

If no relevant law requires the individual to be licensed or registered, the certifier must assess the individual as having appropriate experience, qualifications or skills to be able to give the help.

If the chief executive issues any guidelines for assessing a competent person, the building certifier must use the guidelines when assessing the person.

Date

**Note:** Inspection certificates certify that the stages of building work comply with the development approval.

Aspect certificates certify that the aspects that make up the stages of building work comply with the development approval.

Inspection certificates and aspect certificates must be signed by the building certifier or the individual assessed by the building certifier as competent (*Building Regulation 2006 s17*).

QBSA licensees can certify that the aspect of building work for a single detached 1a or class 10 building or structure complies with the approval under section 43 of the *Building Regulation 2006*. A QBSA licensee must be licensed to carry out the work for the aspect and give a certificate OR the aspect of the work is carried out by the QBSA licensee who, when it was carried out, held a licence for the aspect.
