Portion of Mount Grandchester Conservation Estate	237CH31220	O'brien Lane, Woolshed	December 2020	65ha
			TOTAL:	5942ha

Notes

*No records of acquisition are able to be sourced for these lots listed. Anecdotal commentary suggests that parcels in the southern section (Peak Crossing end) of Flinders-Goolman Conservation Estate was possibly purchased at the same time. Records show Lot 153 CC1175 (99ha) in the southern section of the estate was purchased/transferred on the 30/09/1999. Considering the cost, area extent and location in the southern section of the estate, it may therefore be assumed that these parcels listed were likely to be part of the collective acquisition with Lot 153.

**Based on available Council records sourced through title information. May not reflect date of settlement or Council taking possession. Excludes settlement cost such as stamp duty, conveyancing etc.

Disclaimer

- Information contained in this document is based on available information at the time of development.
- While Ipswich City Council has exercised reasonable care in sourcing information and preparing this document it does not warrant or represent that it is accurate or complete.
- Purchase history is absent for some parcels. Likely reasons being that the parcel was part of a purchase comprising a cluster of multiple parcels.
- Some lands were purchased at nominal cost of \$1 or less. Purchase may have been through means such as developer land contribution, agreement or similar negotiated arrangements.
