

SEAL POOL SAFETY

EMERGENCY ACTIVITY

Swimming in the pool or playing at the beach can be fun, but water can be very dangerous.

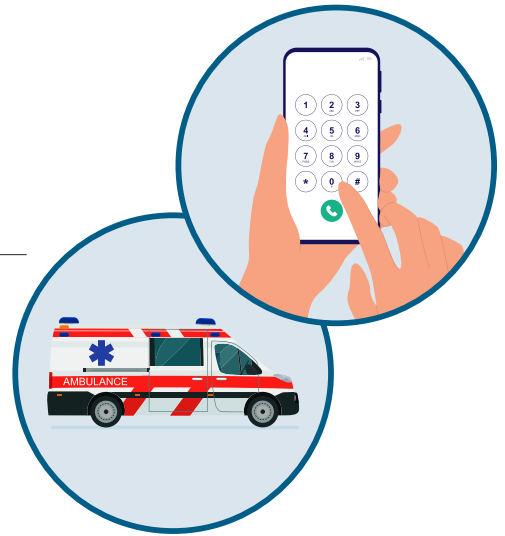

Accidents can happen anywhere and we should know what to do if someone needs help.

Switchy's friend was running around and slipped in some water. They fell over, hitting their head on the ground and are now unconscious. They are not moving and won't wake up.

What would you do in an emergency?

In an emergency I will phone: _____

I will ask for an: _____

I will tell them the following information:

Name: _____

Address: _____

What happened?

I will stay on the line until they tell me it is okay to hang up.
