Budget Overview

Council's 2018-2019 budget is all about getting on with the job and delivering the essentials for the community.

It's the second biggest budget in Ipswich's history, and core services expected by residents are a top priority.

Ipswich's population continues to grow, and recently passed the 210,000 mark. This budget prepares council for significant growth by allocating money to projects essential to future liveability.

At the same time we have reinforced our city's green credentials with funding to support conservation and koala populations.

Highlights include council contributing \$5.05 million and \$846,000 from the Queensland Government to complete the upgrade of Old Toowoomba Road at Leichhardt/One Mile.

There is also \$1.9 million for the naturalisation of Small Creek between Whitehill Road and Briggs Road, Raceview.
