Eligibility Checklist for Professional and Emerging Professional Artists

The purpose of the RADF Program is to enable professional and emerging artists and artworkers to practise excellent art for and with communities for mutual development.

A separate Eligibility Checklist must be completed by each artist being paid a salary, fee or allowance from an RADF grant. Please attach an Eligibility Checklist and a CV or resume for each artist to the RADF Application Form. This checklist has been developed to ensure the status of 'professional' and 'emerging professional' artists is clearly identified. Your responses to the questions below will help to determine your professional status as an artist planning to be involved with a project for which funding is sought through the RADF program.

If you cannot select three or more of the artistic merits identified, you do not meet all the eligibility requirements as a professional or emerging artist who can be funded by the RADF program. In this case please contact the RADF Liaison Officer to discuss alternative funding sources to support your arts activity/project.

Please select all of the following artistic merits that apply to you.
