1.3 Sport, Recreation and Physical Activity in Ipswich

Sport, recreation and physical activity is an integral part of life in Ipswich City. The City has a proud sporting heritage that has produced many sporting champions participating in a wide range of sports, recreation and physical activities. There are a range of contributors to the quality, access and range of sporting, recreational and physical activity opportunities. Sporting clubs, recreation clubs, associations, community organisations, local residents, the private sector and other levels of government all have a role to play. As such, much of this policy is about positioning Council within the context of a whole of community effort to building an environment that maximises opportunity for all people to participate in a wide range of sport, recreation and physical activity opportunities. Partnerships with a wide range of sporting clubs, recreation clubs, associations, groups and organisations are integral for higher participation in physical activity across the Ipswich region.

1.4 Underpinning Principles

The following principles underpin the objectives of the Sport, Recreation and Physical Activity Policy:

- **Equity of Access** - All residents have access to quality sport, recreation and physical activity opportunities regardless of their socio-economic status, ethnicity, age, gender, ability or geographic location.
- **Diversity and Choice** - Support a *variety of participation options* which enable individuals to make *choices based on their needs and interests*.
- **Enjoyment** - provide residents the opportunity to enjoy participation, develop skills, interact socially, achieve goals and meet personal challenges.
- **Lifelong Involvement** - Sport, recreation and physical activity *opportunities are available to people across the lifespan* from pregnancy and birth to seniors.
- **Quality** - Support *continuous improvement* in the delivery of sport, recreation and physical activity participation opportunities.
- **Research and Planning** - Support research and planning that identifies current and *future sport, recreation and physical activity needs*.
- **Safety** - Support the development and maintenance of *safe sport, recreation and physical activity environments and activities*.
- **Sustainable** - Support sustainable sport, recreation and physical activity facilities and activities that *minimize adverse individual and environmental impacts*.
