

Fact Sheet

Community Events Funding Update

Closure of In-Kind Assistance Program

WHAT'S CHANGING?

The In-Kind Assistance Program is closing at midnight, 31 August 2025.

Organisations will now be able to apply for additional funds of up to \$2,500.00 excl. GST through the Community Events Funding program to offset the costs of hiring bins and portable toilets previously supported through the In-Kind Assistance program.

WHY THE CHANGE?

This update provides:

- greater autonomy for event organisers
- simplified application process – only one funding application is required
- flexibility to choose your preferred suppliers.

WHAT YOU NEED TO DO

- Apply for Community Events Funding – the Community Funding and Support Guidelines and the link to the online application form can be found at [Funding and Support: Ipswich City Council](#)
- As of 1 September 2025, there will be a separate budget question for bins and portable toilets – you will need to provide a current quote for these
- For your convenience, a list of suppliers is provided below. You are also welcome to use your preferred vendors.

NEED HELP?

For questions or assistance with your existing or future application, please contact the Community Funding and Support Team by phoning (07) 3810 6648 or emailing communityfunding@ipswich.qld.gov.au.
