Ipswich City Council is collecting your personal information so that we can assess your details for our vaccination/immunisation program. We will not disclose your personal information outside of Council unless we are required by law of you have given your consent. However, in order to perform the above functions, we may need to disclose your personal information to Queensland Health, Australian Childhood Immunisation Register, the National HPV Register or medical practitioners. By completing and signing this form and returning it to Council, we will consider that you have given us your consent to manage your personal information in the manner described in Council's Privacy Statement, Information Digest and this collection notice.

The following information is needed to assess the fitness of a person for vaccination. Please tick any of the boxes that may apply to the person to be vaccinated. Answering YES to any of the conditions listed below does not necessarily mean that you or your child cannot be vaccinated today. The clinic staff are happy to discuss any questions you may have.

| <b>THE PERSON TO BE VACCINATED</b>   |             |                 |         |          |  |
|--|-------------|-----------------|---------|----------|--|
| Is unwell today; (ATTN: a mild illness such as the common cold with a temperature less than 38.5°C should not exclude a patient from receiving a vaccination)  |             |                 |         |          | <input type="checkbox"/> Yes <input type="checkbox"/> No |

## SCHOOL BASED VACCINES

| VACCINE  | ADDITIONAL POSSIBLE REACTIONS TO VACCINE   | GIVEN                    | SITE  |
|--|--|--------------------------|---|
| Human papillomavirus (HPV)   | <ul style="list-style-type: none"> <li>Mild nausea</li> <li>Mild headache</li> </ul> | <input type="checkbox"/> | LA <input type="checkbox"/> <input type="checkbox"/> RA |
| Men ACWY   | <ul style="list-style-type: none"> <li>Loss of Appetite</li> <li>Headache</li> </ul> | <input type="checkbox"/> | LA <input type="checkbox"/> <input type="checkbox"/> RA |
| Diphtheria, Tetanus, Pertussis containing vaccines (dTpa) Teenager/adult | See below for reactions  | <input type="checkbox"/> | LA <input type="checkbox"/> <input type="checkbox"/> RA |

LA = Left Arm, LL = Left Leg, RA = Right Arm, RL = Right Leg

## IMMUNISATION

### WHAT CAN HAPPEN AFTER VACCINATION, AND WHAT TO DO

#### ALL VACCINATIONS MAY CAUSE THE FOLLOWING REACTIONS

Mild fever that doesn't last long <math>< 38.5^{\circ}</math>

Where the needle was given: Sore, red, burning, itching, or swelling for 1-2 days and /or small, hard lump for a few weeks

Grizzly, unsettled, unhappy and sleepy

Teenagers/ adults fainting and muscle aches

#### WHAT TO DO AT HOME

If baby/child is hot don't have too many clothes or blankets on

Breast feed more frequently and/or give extra fluids

Put a cold wet cloth on the injection site if it is sore

For fever or pain give paracetamol (e.g. Panadol®) according to age as directed on the bottle or packet

#### WHEN TO SEEK MEDICAL ADVICE

If pain and fever are not relieved by paracetamol (e.g. Panadol®)

If the reactions are not going away or getting worse or if you are worried at all then see your doctor or go to hospital

**WAIT 15 MINUTES FOLLOWING IMMUNISATION.  
CALL 13HEALTH IF CONCERNED.**
