

Notification of Works

Springfield Parkway and Springfield Greenbank Arterial Road Upgrade

INF03218

24 July 2023

STAGE 1

Nightworks

To safely implement the next scope of works of the Springfield Parkway and Springfield Greenbank Arterial project, nightwork is required.

From Monday night 24 July through till Friday 28 July 2023 works to install new street lighting and a layer of bitumen will occur along:

- Springfield Parkway from Bridgewater Road Roundabout to the Centenary Highway Roundabout
- Springfield Greenbank Arterial from Springfield Parkway to Eden Station Drive.

To facilitate these works traffic control will be in place to direct motorists and pedestrians through the work area. Motorists will be directed under stop go through the work area for the duration. It is anticipated these works will take one week to complete, weather permitting.

WHAT TO EXPECT?

- Traffic control vehicles and controllers to direct traffic
- Installation and relocation of street lighting
- Laying of bitumen along Springfield Parkway
- Reduced speed limit to 40km/h through work areas
- Variable Message Board Signage (VMS) advising of nightworks
- Limited pedestrian access around the construction area. Temporary footpath

- closures near the work area will occur and alternative routes will be signed.

Nightworks

- During night works vehicles will use 'quacker' style reversing alarms rather than beepers to reduce noise
- Light towers will be placed to limit glare to nearby residences
- All efforts will be made to minimise dust and noise.

WHEN WILL THESE WORKS TAKE PLACE?

Start	24 to 28 July 2023
Duration	One week
Time and day	7pm – 5am Monday to Friday

THANK YOU

The project team apologises for any inconvenience during these works and thank you for your patience during construction as we construct this vital infrastructure for the region.
