Councillor David Morrison Division 1

Major Projects and Initiatives

Budget Overview

Council's 2018-2019 budget is all about getting on with the job and delivering the essentials for the community.

It's the second biggest budget in Ipswich's history, and core services expected by residents are a top priority.

Ipswich's population continues to grow, and recently passed the 210,000 mark. This budget prepares council for significant growth by allocating money to projects essential to future liveability.

At the same time we have reinforced our city's green credentials with funding to support conservation and koala populations.

Highlights include \$1.03 million for installing new and replacement kerb and channel at Camira.

Money has also been set aside to remove sediment, repair embankment and replant vegetation at Springfield Lake.
