

# GETTING A NEW CAT OR DOG? DO YOUR HOMEWORK!

## Before you do, consider the following:

Tick ✓

- ☐ Don't buy or adopt a pet just because it's cute.
- ☐ Check with your body corporate or landlord if you are allowed to have a pet.
- ☐ Check local laws to see how many pets you are allowed.
- ☐ Ensure you have adequate space and fencing for the animal.
- ☐ Check out different breeds, and find the right pet to suit your lifestyle.
- ☐ Are you totally committed to caring for your new pet? Remember pets are for life!
- ☐ Do you have enough time to properly feed, exercise, care and clean up after your pet?
- ☐ Will your new pet get along with your existing pets?
- ☐ Check your finances, and make sure you are able to afford the ongoing costs.

(\$30 p/wk)

### Basic costs for subsequent years

**Total excluding medical emergencies and insurance** **\$1,090**  
(\$21 p/wk)

Remember, animals from a shelter are great value as they are already health checked, desexed, microchipped, vaccinated and wormed – up to date.

Sharing your life with an animal has great benefits and can bring great joy. Many of the animals that come to the Pound, RSPCA and AWL shelters are there because their owners can no longer look after them.

### Animals that are offered for adoption by shelters make fantastic pets.

When you adopt from the **RSPCA** or **AWL**, you are supporting an animal charity and also helping to reduce the number of unwanted animals in our community.
