WORKS, PARKS AND SPORT COMMITTEE NO. 2018(04)

16 APRIL 2018

AGENDA

1. **INFORMATION ON GREEN WASTE SERVICES COMMENCEMENTS**

With reference to a report by the Ipswich Waste Services Manager dated 1 March 2018 concerning information on green waste service commencements.

RECOMMENDATION

That the report be received and the contents noted.

2. **DRAFT GREENING IPSWICH INITIATIVE 2018–2021**

With reference to a report by the Acting Sport Recreation and Natural Resources Manager dated 26 March 2018 concerning the draft Greening Ipswich Initiative 2018–2021.

RECOMMENDATION

A. That Council adopt the Greening Ipswich Initiative 2018–2021 to plant 300,000 trees across the City through a range of existing and new program, as outlined in Attachment A to the report by the Acting Sport Recreation and Natural Resources Manager dated 26 March 2018.

B. That the Mayor and Council promote the Greening Ipswich Initiative.

3. **DELEGATION REPORT - URBAN AND RURAL GREENING PROGRAM - 'GRANTING LICENCES AND PERMITS TO USE A PARK' - 1 JANUARY 2018 TO 31 MARCH 2018**

With reference to a report by the Executive Support Officer dated 4 April 2018 concerning the exercise of delegations which require the submission of a report as part of the conditions of delegation for "Granting Licences and Permits to use a Park" for the period 1 January 2018 to 31 March 2018.

RECOMMENDATION

That the report be received and the contents noted.

4. **TENDER NO. 10791 – TENDER AWARD SUPPLY AND DELIVERY OF A TELEMATICS GPS SYSTEM

With reference to a report by the Principal Officer (Procurement and Contract Operations) dated 28 March 2018 concerning the award of contract 10791 Supply and Delivery of a Telematics, Global Positioning System (GPS) and Fleet Management System.

RECOMMENDATION

- A. That in accordance with s233 of the *Local Government Regulation 2012*, Council establish a Preferred Supplier Arrangement for the supply and delivery of a Telematics Global Positioning System (GPS) and Fleet Management System.
- B. That Council resolve under s233(7) of the *Local Government Regulation 2012*, it is satisfied that it will obtain better value for money by entering into a Preferred Supplier Arrangement for more than two (2) years.
- C. That Council enter into a contract for the supply and delivery of a Telematics, Global Positioning System (GPS) and Fleet Management System with Smartrak Aus Pty Ltd for a period of two (2) years, plus two (2) x twelve (12) month options.
- D. That the Chief Executive Officer be authorised to negotiate and finalise the term of the contract to be executed by Council and to do any other acts necessary to implement Council's decision in accordance with section 13(3) of *the Local Government Act 2009*.

** Item includes confidential papers

and any other items as considered necessary.

1 March 2018

MEMORANDUM

TO: ACTING CHIEF OPERATING OFFICER (WORKS, PARKS AND RECREATION)

FROM: IPSWICH WASTE SERVICES MANAGER

RE: INFORMATION ON GREEN WASTE SERVICES COMMENCEMENTS

INTRODUCTION:

This is a report by the Ipswich Waste Services Manager dated 1 March 2018 concerning information on green waste service commencements.

BACKGROUND:

As a result of discussions during the Works, Parks and Sport Committee No. 2018(02) held on 19 February 2018, a report was requested on green waste services commencements per suburb. Committee wants to understand if it is the new developments driving the growth.

A total of 1,839 green waste services were commenced in Ipswich from 1 July 2017 – 22 February 2018. Attachment A details these commencements by suburb and street.

Table 1 summarises the information by suburb:

Table 1: No. green waste commencements 1/7/17-22/2/18

Suburb	Total	Suburb	Total
SPRINGFIELD LAKES	148	EAST IPSWICH	19
REDBANK PLAINS	134	ONE MILE	18

CHUWAR	22	PURGA	1
SADLIERS CROSSING	21	WEST IPSWICH	1
NORTH BOOVAL	20	TOTAL	1,839

CONCLUSION:

The above table indicates that although a significant number of green waste service commencements are occurring from new developments, there is also significant growth in service numbers in the established areas of Ipswich.

ATTACHMENTS:

Name of Attachment	Attachment
Green waste service commencements by suburb and street - 1/7/17 - 22/2/18.	 Attachment A

RECOMMENDATION:

That the report be received and the contents noted.

Chris Theron
IPSWICH WASTE SERVICES MANAGER

I concur with the recommendation/s contained in this report.

Bryce Hines
ACTING CHIEF OPERATING OFFICER (WORKS, PARKS AND RECREATION)

26 March 2018

MEMORANDUM

TO: ACTING CHIEF OPERATING OFFICER (WORKS, PARKS AND RECREATION)

FROM: ACTING SPORT RECREATION AND NATURAL RESOURCES MANAGER

RE: DRAFT GREENING IPSWICH INITIATIVE 2018 - 2021

INTRODUCTION:

This is a report by the Acting Sport Recreation and Natural Resources Manager dated 26 March 2018 concerning the draft Greening Ipswich Initiative 2018 – 2021.

BACKGROUND:

The Greening Ipswich Initiative 2018 – 2021 has been developed in support of the Mayor’s commitment to double the number of trees planted across the City over the next 3 years from 150,000 (as identified in the Sustainable Ipswich Plan) to 300,000.

The Initiative builds upon Council’s existing strategies, policies and programs to reach this target, such as those in the:

- Nature Conservation Strategy
- Vegetation Retention Guideline 19
- Beautiful Ipswich
- Habitat Connections Program
- Conservation Partnership Program
- Free Plant Nursery allocations

DRAFT GREENING IPSWICH INITIATIVE 2018-2021:

A draft plan has been developed to guide the delivery of the Greening Ipswich Initiative in order to achieve the target of planting 300,000 trees over the next 3 years (attachment A).

The plan recognises that street trees and natural areas are essential for supporting a growing City. Vibrant green spaces provide quality urban living environments, enhance local resilience to natural disasters, increase human health and well-being, and promote sustainable lifestyles. The plan also recognises that many of the City's older suburbs are often leafy and green, whilst the new areas are in the early stages of tree regrowth and will benefit from programs such as street tree plantings to support the establishment of green areas.

Achieving the target of 300,000 new trees over the next 3 years will be made possible through a range of existing and new initiatives that sit within the three Greening Programs, being:

- Cool and Green Public Open Spaces
 - Beautiful Ipswich
 - Street Trees Planting
 - Environment and Sustainability Community Grants
 - Corporate Tree Planting Days
- Shady Backyards
 - Free Plant Program
 - Habitat Gardens
 - Voluntary Conservation Agreements
 - Land for Wildlife
- Healthy Natural Areas
 - Waterway and Wetland Rehabilitation
 - Habitat Connections Program
 - Koala Habitat Refuges
 - Conservation Estate Regeneration Programs

FUNDING:

Funding to support the delivery of the Greening Ipswich Initiative will be through a combination of existing program budgets and new budget allocation across the next three years. Existing program budgets will be utilised in 2018-2019 with the majority of the funding required in the second and third years of the initiative for the acquisition of approx. 100 hectares of land for planting koala habitat and fodder trees, as outlined in the attached draft plan shown in Attachment A.

Funding for 2019-2020 and 2020-2021 will be included for consideration by Council as part of the budget process.

BENEFITS TO COUNCIL AND THE COMMUNITY:

Greening a city provides a range of benefits for community well-being and liveability, sustainability, environmental health, and economic viability. The Greening Ipswich Initiative recognises the importance of trees and other vegetation to support healthy ecosystems, people and places.

CONSULTATION:

Consultation on the draft Greening Ipswich Initiative 2018-2021 has been undertaken with the Mayor, and relevant stakeholders from the departments of Works, Parks and Recreation and Planning and Development.

CONCLUSION:

As Ipswich is growing rapidly, and new people are continuing to move into our City, Council is committed to ensuring the community has access to a variety of green, shady spaces and natural areas. The Greening Ipswich Initiative aims to enhance the achievement of existing strategies, policies and programs by setting a target of 300,000 trees being planted across the City over the next 3 years.

ATTACHMENT:

Name of Attachment	Attachment
Draft Greening Ipswich Initiative 2018-2021	 Attachment A

RECOMMENDATION:

- A. That Council adopt the Greening Ipswich Initiative 2018-2021 to plant 300,000 trees across the City through a range of existing and new program, as outlined in Attachment A to the report by the Acting Sport Recreation and Natural Resources Manager dated 26 March 2018.

- B. That the Mayor and Council promote the Greening Ipswich Initiative.

Kaye Cavanagh

ACTING SPORT RECREATION AND NATURAL RESOURCES MANAGER

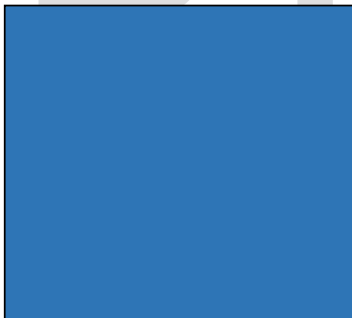

I concur with the recommendation/s contained in this report.

Bryce Hines

ACTING CHIEF OPERATING OFFICER (WORKS, PARKS AND RECREATION)

GREENING IPSWICH INITIATIVE 2017 – 2022

A Plan for planting 300,000 trees over 3 years

MAYOR'S MESSAGE

Ipswich is fortunate to have expansive natural areas, bushland reserves, parks and green streets which provide us with stunning vegetation. These natural assets and essential ecosystems provide so much value to our community. It is therefore very important that we not only protect our trees, plants and natural areas, but enhance and expand this vegetation so it continues to grow and improve for many generations to enjoy in the future. This Greening Ipswich Initiative sets bold targets as a statement of our dedication and commitment to making our City greener. This Plan is a testament to the responsibility we have as a community to contribute to the protection, expansion, sustainability and resilience of our wonderful vegetation and the image of our City.

Mayor Andrew Antoniolli

EXECUTIVE SUMMARY

Ipswich provides a wide variety of places to live, work and play, from the historic suburbs such as North Ipswich and Woodend, the new master planned areas of Springfield and Ripley Valley, to the rural townships of Grandchester and Rosewood. Across all these areas is a variety of parks and public open space settings. Many of the new areas are in the early stages of tree regrowth, while the older suburbs are often leafy and green.

The Greening Ipswich Initiative has been developed recognising that street trees and natural areas are essential for supporting a growing City, providing quality urban living environments, enhancing local resilience, increasing human health and well-being, and promoting sustainable lifestyles. Our parks, street trees and bushlands provide numerous benefits, including:

- Shading houses, schools and businesses and thereby reducing urban heat effects
- Providing quality places for recreation and social activities
- Filtering and improving water and air quality
- Improving amenity, economic value and liveability

Ipswich City Council is dedicated to enhancing our City and expanding our natural environment and tree planting. This ongoing commitment will add tremendous, wide-reaching value to our City now, and for future generations. As such, Council has developed the *Greening Ipswich Initiative 2018-2021* which will deliver **300,000** additional trees over **3** years through **3** greening programs.

This Initiative builds upon Council's existing strategies, policies and programs whilst delivering new programs to reach an ambitious target for the further greening of our city. This will deliver regionally significant green spaces, tree-lined streets and thoroughfares, cool parks and sports fields, expansive natural bushland areas, and shaded back yards.

Everyone has a role to play in creating a greener, cooler City. Whether that be through joining a park care group, collecting your free trees from a Council nursery, or partnering in one of Council's landholder programs, together we can proudly enhance the quality of life for our community.

OUR VISION

***IPSWICH IS REKNOWNED FOR ITS PARKS, NATURAL AREAS, OPEN SPACES AND STREET-TREES
CREATING A COOL, CLEAN AND GREEN CITY.***

OUR TARGETS

300,000 new trees planted

OUR OBJECTIVES

Through the delivery of the Greening Ipswich Initiative, Council seeks to achieve an increase in the number of new trees being planted across the City from street trees to shade trees, from green walls to waterways, and from backyards to bush blocks.

This plan sets our key **target**, the **timeframe** and **programs** to deliver the broad initiatives of the Initiative and to realise its vision. These are:

3

300,000 NEW TREES PLANTED

This plan sets a target of delivering 300,000 new trees across the City. In order to achieve this quantity of trees, both Council and the community will be involved in planting trees on public and private land across the City.

3

3 YEAR PROJECT TIMEFRAME

Delivering an initiative of this size takes time and requires ongoing planning. As such, this Initiative will be delivered over 3 years from 2018 to 2021.

3

3 GREENING PROGRAMS

Achieving the target of 300,000 new trees over the next 3 years will be made possible through a range of existing and new initiatives that sit within the three Greening Programs, being:

- Cool and Green Public Open Spaces
- Shady Backyards
- Healthy Natural Areas

WHY ARE WE FOCUSING ON TREES

There are many ways in which a city can become greener, and Ipswich City Council already has a number of programs working towards this goal through the strategic direction established in:

- Advance Ipswich
- Ipswich Nature Conservation Strategy
- Sustainability Strategy
- Street Tree Design Guide
- Urban Forest Policy
- Beautiful Ipswich, and
- Public Parks Strategy

The Greening Ipswich Initiative aims to enhance the achievement of these strategies by setting a target to increase the number of TREES being planted across the City. As Ipswich is growing rapidly, and new people are continuing to move into our City, Council is committed to ensuring the community has access to a variety of green, shady spaces and our natural areas are enhanced.

WHAT ARE THE BENEFITS

Greening a city provides a range of benefits for community well-being and liveability, sustainability, environmental health, and economic viability. The Greening Ipswich Initiative recognises the importance of trees and other vegetation to support healthy ecosystems, people and places. These benefits are wide and varied, and include the following:

Health and Wellbeing

Green environments offer a wide range of health and well-being benefits to a community by reducing heat stress, increasing amenity, reducing distress and providing quiet, cool places of respite. Research shows that people who visit green spaces demonstrate improved moods and lower levels of anxiety, stress and depression. Green spaces offer environments for social gatherings and interactions that build social cohesion within a community.

Urban Greening

Natural areas, trees and green spaces provide a range of services such as decreased water treatment costs, temperature regulation, air quality improvements, and carbon dioxide storage. Urban greening assists in creating a liveable city, contributes to the overall amenity of urban landscapes, and provides habitat for native wildlife.

Community resilience

Natural systems increase a communities' resilience to respond and bounce back from natural disasters, reducing the risk to exposure and climate-related vulnerabilities. This is achieved through a number of services such as plants absorbing and filtering pollutants from storm and flood waters, trees providing stability to the bed and banks of waterways, and bushland acting as a buffer in heat events.

Economic

Greening a city has been shown to raise property values, increase retail spending and lower energy and water consumption. Across the city, natural areas provide the green infrastructure required to support ecotourism ventures; creating revenue from recreational activities.

WHAT WE AIM TO ACHIEVE

Cool and Green Public Open Space

Well vegetated public open spaces can enhance a City's liveability and increase community well-being by creating cool and shady areas within public parks and around sports fields, along urban streets and rural roads, and within and around community precincts. Urban trees produce cooling benefits by reducing day temperatures by 4°C – 5°C. Shady public spaces are known to reduce the effects of urban heat impacts, increase the community's resilience in extreme weather events, and improve air and water quality.

Cool and Green Public Open Spaces will be achieved through:

- Beautiful Ipswich
- Street Trees Planting
- Environment and Sustainability Community Grants
- Corporate Tree Planting Days

Shady Backyards

Trees on private land contribute significantly towards the visual amenity and cooling of the City. These trees also provide a much needed home or resting spot for native wildlife as they travel across urban and rural areas. Through Advance Ipswich, the community has shown a strong desire to increase the 'urban greening' of the City. Many landholders are already actively engaged in increasing the number of trees or green spaces on their properties through existing programs such as Habitat Gardens and Land for Wildlife. Residents also have access to free plants each year through Council's nursery, increasing vegetation cover and greening across the city.

Large trees are not suitable for all backyards. In these areas, shady spaces can be achieved through landscaping within development sites such as unit complexes and commercial areas, as well as front yards to increase greening of streetscapes and shading of walkways.

Shady Backyards will be achieved through:

- Free Plant Program
- Habitat Gardens
- Voluntary Conservation Agreements
- Land for Wildlife

Healthy Natural Areas

Healthy natural areas provide important habitat for native wildlife and vegetation, and provide valuable areas of 'green respite' for residents and visitors to the City. Council manages more than 6,700 hectares of natural areas, including small patches of urban bushland through to large conservation estates. These natural areas act as the 'green lungs' of the city and contribute towards the visual amenity of the landscape.

Healthy Natural Areas will be achieved through:

- Waterway and Wetland Rehabilitation
- Habitat Connections Program
- Koala Habitat Refuges
- Conservation Estate Regeneration Programs

DRAFT

HOW WE WILL SUCCEED

To support us in reaching our target, implementation of the Greening Ipswich Initiative will be guided and achieved by undertaking action in:

1. Strong Policy, Strategy & Governance

- Review planning scheme provisions and conditions of development approvals relating to vegetation protection, replanting, offsets and street tree planting to improve and increase tree cover where possible.
- Review Council's capital infrastructure programs to identify where and how additional trees can be delivered as a core component of new projects.
- Develop a policy for external infrastructure providers to replace lost trees at a rate of 2 new trees for every 1 tree lost.
- Develop an Urban Greening Strategy to provide the overarching principles and strategic direction for increasing canopy cover across the City.

2. Programs & Partnerships

- Develop a promotional campaign to increase the community's awareness and participation in the Greening Ipswich flagship programs and targets.
- Generate a public conversation on valuing green assets across the City.
- Ensure planting programs are funded to include establishment and adequate maintenance to ensure a minimum 85% survival rate.

3. Robust Delivery Processes & Methodology

- Allocate dedicated resources and funding to coordinate and deliver the 3 Greening Programs within scope, on time, within budget and to meet community expectations.
- Use best practice project management principles to coordinate planning and delivery across the multiple areas of Council.

4. Optimisation and Integration

- Enhance the functions of connectivity, safety, amenity, recreation and way finding in the planning of public open space and streetscape projects.
- Ensure current and future infrastructure networks optimise tree cover in parks and natural areas, along waterways, and around active transport networks.

5. Design and Delivery

- Ensure the design and delivery of public open space projects are in accordance with Council's guidelines and standards, including:
 - Streetscape Design Guidelines
 - Public Parks Strategy and Desired Standards of Service
 - ICC Standard Drawings
 - Site specific master plans
- Ensure the design and delivery of mass planting and revegetation projects are in accordance with Council's strategies and management plans, including:
 - Ipswich Nature Conservation Strategy
 - Waterway Health Strategy
 - Conservation Estate management and master plans

HOW WE WILL MEET OUR TARGET

PROGRAM 1: COOL AND GREEN PUBLIC OPEN SPACES

TARGET - 20,000 NEW TREES

1. Beautiful Ipswich

The Beautiful Ipswich program aims to beautify major thoroughfares and streetscapes, create attractive parks and recreational pathways, and improve waterways. 10 priority suburbs across the City have been identified to be the first to receive new street trees. A total of 3,000 semi-mature trees will be planted along major thoroughfares over the next 3 years.

2. Street Trees

Street Trees provide cooling and amenity to urban streets and public spaces, and can make walking and cycling more comfortable. Council's street tree program allows residents to request trees to be planted at the front of their property. As part of the Beautiful Ipswich program, dedicated streets will be identified for receiving trees as well. Over the next 3 years 2,500 new street trees will be delivered through customer requests, Beautiful Ipswich local street enhancements, and new developments.

3. Environment and Sustainability Community Grants

Community groups and individuals committed to the environment and sustainability of Ipswich have access to funding to support their projects through Council's Environment and Sustainability Community Grants. Eligible projects will include tree planting and weed control, increasing the greening of our City. This program aims to contribute towards 10,000 new trees being planted by community groups over the 3 years.

4. Corporate Tree Planting Day

Each year Council officers participate in the Corporate Tree Planting Day which aims to plant up to 1,500 trees at a local park or reserve. Over the next three years, this program will contribute 4,500 new trees planted in public open space creating cooler, greener areas for our community.

PROGRAM 2: SHADY BACKYARDS

TARGET – 100,000 NEW TREES

1. Free Plant Program

The Free Plant program aims to provide residents and ratepayers with 6 free plants each year, to contribute towards a cooler, greener city. Through the Greening Ipswich Initiative, Council will produce an additional 30,000 plants to be made available each year for the next 3 years.

2. Habitat Gardens

The Habitat Gardens partnership is for owners of properties under 1 hectare who are interested in providing habitat for native animals. This partnership allows participants to receive up to 20 free native plants each year from Council's nursery in addition to the standard free plant allocation. To date, there are more than 600 Habitat Garden partners, equating to 1,200 new plants being planted each year.

3. Land for Wildlife

Land for Wildlife is a voluntary program that supports landholders to manage wildlife habitat on their properties. Land for Wildlife partners have access to 200 free plants each year, and additional plants through annual incentive days. The aim is for Land for Wildlife partners to plant 6,400 trees over the next 3 years.

PROGRAM 3: HEALTHY NATURAL AREAS**TARGET – 180,000 NEW TREES****1. Waterway and Wetland Rehabilitation**

Waterway partnerships and stormwater quality offsets will contribute towards 50,000 new native trees planted along waterways and wetlands across the City.

2. Habitat Connections

Habitat Connections is a program designed to increase public amenity and cooling along urban waterways. Currently funded through the Tree Retention Implementation Guideline 19 under the Ipswich Planning Scheme, over the next 3 years 30,000 trees will be planted along Bundamba, Woogaroo, Iron Pot and Deebing Creeks.

3. Koala Habitat Refuges

Koalas have been identified as an iconic species for the City in the Ipswich Nature Conservation Strategy. Working in partnership with key stakeholders, Council will continue to enhance and expand koala habitat through dedicated habitat refuges and the Koala Conservation Program. Over the next 3 years 100,000 koala fodder and habitat trees will be planted in koala corridors identified in the Koala Habitat and Conservation Management Plan.

DRAFT

APPENDIX A - SUPPORTING ACTIONS

PROGRAM PLANNING
1. Promote and expand the Koala Conservation Partnership program
2. Review the Habitat Gardens program to support landholders to plant 'yard-friendly' shade trees – look at providing tools and information to support residents and opportunities to secure partnerships to support the program
3. Engage social enterprise groups to assist with planting and maintenance of selected gardens and green spaces
4. Develop a community garden program guideline
5. Increase community and corporate engagement to partner in ongoing opportunities to increase the City's green open spaces, natural areas and waterways through tree planting and ongoing maintenance activities
6. Improve visitor experiences / accessibility to urban bushland reserves
7. Rehabilitate level 3 reserves (weed control and revegetation)
8. Promote CBD natural bushland high points such as Denmark Hill Conservation Park, Haig Street Quarry Conservation Reserve, Castle Hill Bushland Reserve
9. Develop public art for and of street trees
10. Promote and increase the number of plants provided through the free plant nursery
11. Link in with smart city technologies to measure the tree canopy cover across the city
12. Install signage at the nursery to assist residents to quickly identify suitable species for their property
13. Develop and provide additional information for residents at the time of collecting free trees to increase the likelihood of survival of free trees
14. Link in with smart city open data to understand what tree species survive well in different suburbs and allow residents to access the data
POLICY, STRATEGY & GOVERNANCE
1. Review planning scheme provisions and conditions of development approvals relating to vegetation protection, replanting, offsets and street tree planting to improve and increase tree cover where possible.
PLANNING & DESIGN
1. Investigate alternate opportunities for vegetation: <ol style="list-style-type: none"> a. Green Streets, Laneways, Roofs and Walls b. Investigate opportunities to deliver subtropical design excellence c. Identify opportunities for 'green laneways' in urban areas and developed Centres d. Implement alternate shade solutions in constrained areas where tree planting may not be possible (planted arbours, trellises etc.)
2. Increase large tree provision to public parks <ol style="list-style-type: none"> a. Perimeter planting to sports fields b. Perimeter planting to parks providing shade canopy to park and street
3. Provide additional infill tree planting to pathways, bikeways and pedestrian thoroughfares
DELIVERY
Project delivery efficiencies
1. Partner with corporates, investors, community groups or environmental organisations.
2. Utilise industry knowledge and expertise to develop cost effective methods of delivering large scale planting and revegetation projects (e.g. plantation models, smart technology for soil monitoring and plant survival reporting etc.)
3. Review Council's Policy and Procedures around retention and replacement of trees as part of internal infrastructure delivery projects to improve and increase delivery of trees.
Technology
1. Develop an online dashboard within Council's web site which: <ol style="list-style-type: none"> a. Includes a 'Tree Counter' illustrating the total number of trees planted in the Greening Ipswich Project
2. Investigate technology which improves the quality and efficiency of tree and planting data collection for the increasing need to capture and monitor these green assets.
3. Investigate appropriate information management systems to store, maintain and analyse the City's green assets, plant and tree data needs. Example projects include: <ol style="list-style-type: none"> a. Greening Ipswich tree planting and revegetation projects b. Existing revegetation projects (progress and health assessments) c. Landholder Partnership planting d. Natural Area Estate planting analysis

H:\Departmental\Committee Reports\1804 LW Delegation Report Granting Licences and Permits to use a park 1 January 2018 to 31 March 2018 WPS April 2018.docx

4 April 2018

MEMORANDUM

TO: EXECUTIVE ASSISTANT

FROM: EXECUTIVE SUPPORT OFFICER

RE: DELEGATION REPORT - URBAN AND RURAL GREENING PROGRAM - 'GRANTING LICENCES AND PERMITS TO USE A PARK' - 1 JANUARY 2018 TO 31 MARCH 2018

INTRODUCTION:

This is a report by the Executive Support Officer dated 4 April 2018 concerning the exercise of delegations which require the submission of a report as part of the conditions of delegation for "*Granting Licences and Permits to use a Park*" for the period 1 January 2018 to 31 March 2018.

In relation to the delegation, I advise as follows:

Granting Licences and Permits to Use a Park

Power delegated:

The power to grant and revoke a licence or permit for the rights of occupation and use of a specified park or reserve.

Action taken:

Attachment A lists the exercise of delegation which was approved between 1 January 2018 and 31 March 2018.

For the quarter ending 31 March 2018, the total expected revenue was \$116,636.31. This figure includes hire fees, seasonal fees and lighting field fees (does not include key deposits or bonds).

Of the permits issued, there were no fee waivers approved.

ATTACHMENTS:

Name of Attachment	Attachment
List of licences and permits granted to use a park during the period 1 January 2018 to 31 March 2018	 Attachment A

RECOMMENDATION:

That the report be received and the contents noted.

Lynn Wilson
EXECUTIVE SUPPORT OFFICER

I concur with the recommendation/s contained in this report.

Sharon Smith
EXECUTIVE ASSISTANT

I concur with the recommendation/s contained in this report.

Bryce Hines

H:\Departmental\Committee Reports\2803SRB 10791 Telematics, Global Positioning and Fleet Management System - Tender Award Committee Report.docx

28 March 2018

MEMORANDUM

TO: BUSINESS ACCOUNTING AND ASSET MANAGER

FROM: PRINCIPAL OFFICER (PROCUREMENT AND CONTRACT OPERATIONS)

RE: TENDER NO. 10791 – TENDER AWARD SUPPLY AND DELIVERY OF A TELEMATICS GPS SYSTEM

INTRODUCTION:

This is a report by the Principal Officer (Procurement and Contract Operations) dated 28 March 2018 concerning the award of contract 10791 Supply and Delivery of a Telematics, Global Positioning System (GPS) and Fleet Management System.

BACKGROUND:

Council is seeking the services of an established and experienced Provider of a packaged Telematics, Global Positioning System (GPS), and Fleet Management System. The system will include a new vehicle booking system.

It is proposed to implement the system over:

1. 60 Major Plant Units;
2. 100 Trucks; and
3. 150 Passenger and Commercial Vehicles.

The fleet management system will provide the following benefits:

- Improve visibility over Council operational fleet vehicles;
- Improve the scheduling of vehicle maintenance;
- Reduce maintenance costs;
- Improve vehicle booking system
- Improve efficiency through tracking vehicle utilisation; and
- Improve asset tracking and security.

TENDER:

Council advertised a Request for Tender in the Courier Mail and Queensland Times on 12 August 2017 in accordance with section 228 of the *Local Government Regulation 2012*. The time for submission of responses expired at 2pm on the 6 September 2017.

Council received thirteen submissions. The submissions were evaluated in accordance with the approved tender evaluation and probity plan. The outcome of the evaluation is reported in the confidential background papers as shown in Attachment A.

At the Council meeting on 22 January 2018, Council moved to delegate Authority to award this contract to the Acting Chief Executive Officer. Due to ongoing negotiations with the supplier it was determined that the Acting Chief Executive Officer, would not exercise this delegation prior to the nominated delegation expiry of 31 March 2018. Details of the expired delegation are contained within the confidential papers (Attachment A).

CONCLUSION:

That Council establish an arrangement for the supply and delivery of a Telematics, Global Positioning System (GPS) and Fleet Management System with Smartrak Aus Pty Ltd

CONFIDENTIAL BACKGROUND PAPERS:

Supply and Delivery of a Telematics, Global Positioning System (GPS) and Fleet Management System – Evaluation Report	 Attachment A
--	---

RECOMMENDATION:

- A. That in accordance with s233 of the *Local Government Regulation 2012*, Council establish a Preferred Supplier Arrangement for the supply and delivery of a Telematics Global Positioning System (GPS) and Fleet Management System.
- B. That Council resolve under s233(7) of the *Local Government Regulation 2012*, it is satisfied that it will obtain better value for money by entering into a Preferred Supplier Arrangement for more than two (2) years.
- C. That Council enter into a contract for the supply and delivery of a Telematics, Global Positioning System (GPS) and Fleet Management System with Smartrak Aus Pty Ltd for a period of two (2) years, plus two (2) x twelve (12) month options.
- D. That the Chief Executive Officer be authorised to negotiate and finalise the term of the contract to be executed by Council and to do any other acts necessary to implement Council’s decision in accordance with section 13(3) of the *Local Government Act 2009*.

Stephen Bailey

PRINCIPAL OFFICER (PROCUREMENT AND CONTRACT OPERATIONS)

I concur with the recommendation/s contained in this report.

Shane Gillett

BUSINESS ACCOUNTING AND ASSET MANAGER

I concur with the recommendation/s contained in this report.

Bryce Hines

ACTING CHIEF OPERATING OFFICER (WORKS PARKS AND RECREATION)
