### 1. CONVENOR'S OFFICIAL WELCOME

Greg Chemello – Interim Administrator, provided an overview of Community Reference Groups.

### 2. FACILITATOR'S INTRODUCTION

Brett Davey – Acting General Manager, Planning & Regulatory Services Department.

### 3. MEMBER INTRODUCTIONS & GROUP CHECK-IN

All Community Reference Group members were asked to answer the question: *What would success look like for the community reference groups?:*

Responses included:

- A forum to put forward the views of the community
  - Our job is to put forward the priorities for Ipswich and views from across the WHOLE community
  - Represent the broader community and create connections
  - The groups should provide insight, assistance and guidance
  - Reference group members should give the community a voice
  - The community should be able to speak openly
  - The Reference Group members should be expressing the needs and wants of the community
- Connect with Councillors
  - Connect with Councillors
  - The Councillors are OUR servants
  - To ensure councillors hear what the community have to say

- Open up a two-way path of communication
  - Have a two-way street
  - Share ideas between communities
  - Community are optimistic and positive about the future
  - A two-way conversation
  - The CRGs should be a point of connection
  - The groups should help the council to understand the community needs, and for the community to understand council
  - We need a strategy for outlying ideas (sharing ideas with other groups)
- Uniting the City
  - Ipswich needs to be a UNITED city rather than distinct groups
  - Uniting the 'two Ipswich's'
  - Feeling proud of Ipswich and our council
- Embedding Meaningful Consultation and Engagement
  - Council needs to stick to their word
  - Past committees were disappointing and limited in the questions asked – positive input is needed
  - Meaningful engagement
  - Permanent cultural change around consultation
  - We have a history of engagement that has 'petered out' – we need to keep these new groups going
  - Transparency
- Discussions translate into actions
  - Success is ACTION and CHANGE
- Better Growth Management
  - Ipswich is growing – council needs to understand the priorities to manage growth

#### 4. MEETING PRACTICES

The Facilitator introduced the concept of 'Meeting Practices & Principles' and opened a discussion with the Community Reference Group members about how the group would engage with each other and in meetings. The Facilitator suggested and presented a number of principles and practices which were all agreed to by the group. The group also raised the following additional items:

- Respect for alternative opinions
- The groups should be politically neutral

## 5. SCOPE OF GROWTH MANAGEMENT COMMUNITY REFERENCE GROUP

### Scope of the Growth Management Community Reference Group

- ✓ Growth and sustainable development
- ✓ Transport and infrastructure
- ✓ Capital Works Program
- ✓ Community housing needs and housing diversity
- ✓ Ipswich Planning Scheme
- ✓ Heritage Program
- ✓ Development assessment and compliance
- ✓ Building, plumbing and compliance

### Decision Making Structure for Community Reference Groups

```

## 6. DISCUSSION

***The closure of the 10 community offices will save approximately \$2m on an ongoing basis. How might Ipswich City Council best apply these savings?***

In order to assist this discussion, group members were asked to sit at separate tables and were then stepped through a number of activities. Firstly, each table of members was asked to consider the following question: *Within the scope of the Environment Community Reference Group, what are some of the key priorities for the City of Ipswich?* Each table of members was then asked to answer the following question: *Of these priorities which are the top three?* To view the full size images, see below at point 8.

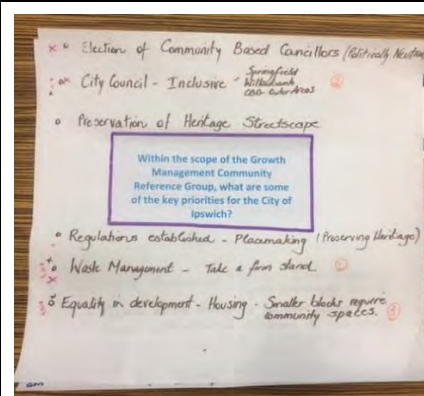

### Group One

- **Sustainable planning**
- Transport
- Housing diversity
- Developer contributions and transparency around how this money is used
- Green/active spaces
- Looking at the big picture (not areas in isolation)
- Social infrastructure
- **Planning with environmental considerations**
- Community input into new planning scheme
- **Maintaining community/suburb character and amenity**
- Cultural heritage places (including churches)
- Funding for heritage places
- Community infrastructure
- Maintaining Ipswich identity
- Managing community expectations and economic cost/benefit
- Weekend enforcement & inspection (e.g. land clearing)

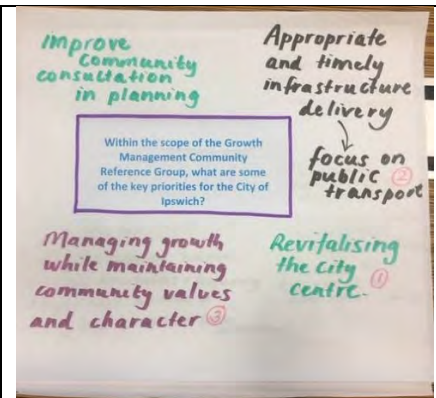

### Group Two

- Election of community-based councillors (who are politically neutral)
- **A City Council that is inclusive of all areas** – from Springfield, to Willowbank, CBD and outer areas
- Preservation of heritage streetscape
- Regulations established – placemaking (preserving heritage)
- **Waste management** – take a firm stand
- **Equality in development** – equality in housing – smaller blocks require community spaces

### Group Three

- Improve community consultation in planning
- Appropriate and timely infrastructure delivery
- **Focus on public transport**
- **Revitalising the city centre**
- **Managing growth** while maintaining community values and character

Each table was then asked to consider the following question: *How could these top priorities be addressed?*

### Group One

#### 1. Sustainable Planning

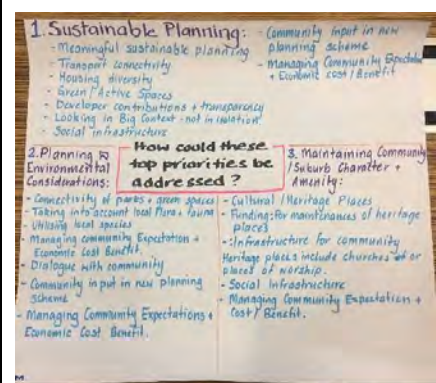

- Meaningful Sustainable planning
- Transport Planning
- Housing Diversity
- Green/Active Spaces
- Developer contributions & transparency
- Looking in big context – not in isolation
- Social infrastructure
- Community input into new planning scheme
- Managing community expectations & economic cost/benefit

#### 2. Planning with Environmental Considerations

- Connectivity of parks and green spaces
- Taking into account local flora and fauna
- Utilising local species
- Managing community expectations and economic cost benefit
- Dialogue with community
- Community input in new planning scheme
- Managing community expectations and economic cost benefit

#### 3. Maintaining Community/Suburb Character + Amenity

- Cultural/Heritage Places
- Funding: for maintenance of heritage places
- Infrastructure for community
- Heritage places include churches or places of worship
- Social infrastructure
- Managing Community Expectation + cost/benefit

## Group Two

### 1. Waste Management

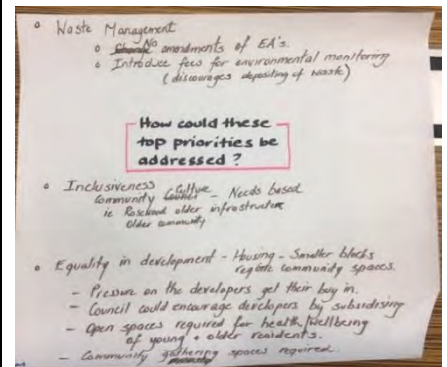

- No amendment of existing EAs (that would open up mining voids to becoming dumps)
- Introduce fees for environmental monitoring (discourages depositing of waste)

### 2. Inclusive Community Culture

- Need to include/consider Rosewood and older communities
- Needs-based infrastructure

### 3. Equality in Development

- Housing on smaller blocks require community spaces
- Put pressure on the developers to get their buy in
- Council could encourage developers by subsidising appropriate and affordable housing
- Open spaces required for health/wellbeing of young and older residents
- Community gathering spaces required

## Group Three

### 1. Revitalising the City Centre

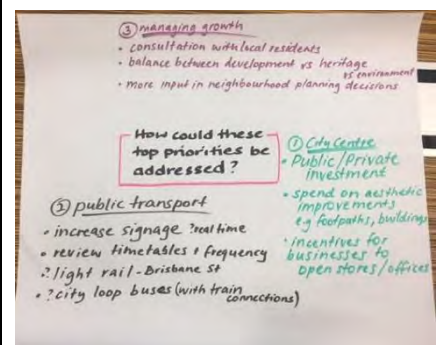

- Public/private investment
- Spend on aesthetic improvements e.g. footpaths, buildings
- Incentives for businesses to open stores/offices

### 2. Public Transport

- Increase signage and introduce real-time digital timetables
- Review timetables and frequency
- Run a light rail down Brisbane Street
- City loop buses with train connections

### 3. Managing Growth

- Consultation with local residents
- Balance between development vs heritage vs environment
- More input in neighbourhood planning decisions

## 7. CLOSE & CHECK-OUT

Thanks and close by Facilitator.

Meeting closed at 8:10pm.

## 8. IMAGES

## MEETING PRINCIPLES and PRACTICES

- ☑ speak with intention
- ☑ listen with attention and curiosity
- ☑ be aware of your impact on the whole
- ☑ a leader in every chair
- ☑ we invite and respect collective wisdom
- ☑ we consider the whole community and not just personal interests

☑ Respect  
for  
alternative  
opinions

☑ Be  
politically  
neutral

## Scope of the Growth Management Community Reference Group

- ✓ Growth and sustainable development
- ✓ Transport and infrastructure
- ✓ Capital Works Program
- ✓ Community housing needs and housing diversity
- ✓ Ipswich Planning Scheme
- ✓ Heritage Program
- ✓ Development assessment and compliance
- ✓ Building, plumbing and compliance

## Decision Making Structure for Community Reference Groups

# If Ipswich was a group of 100 people
