Community safety

\$6.2 million

Arts and cultural services

\$10.8 million

Environment and sustainability

DIVISION 1 BUDGET HIGHLIGHTS

A diverse range of projects for Division 1 will bring benefits to residents from urban hotspots through to rural centres.

The 2022-23 Budget works hard to balance the needs of city and country with projects that respond to the needs of local residents.

Roads are a major focus, with millions of dollars committed to important upgrades across Division 1.

Strong commitments have also been made to projects that will provide greater opportunity for healthy and active lifestyles.

The 2022-2023 Budget will continue to advance our economic recovery, while laying a strong foundation for future growth.

It will help Ipswich power into a post-COVID era that sets the scene for our city to continue to be a great place to live, work, invest and to raise a family.
