\$6.1 million

Community safety

\$6.2 million

Arts and cultural services

\$10.8 million

Environment and sustainability

DIVISION 2 BUDGET HIGHLIGHTS

Major investments in the local road network and parks in the 2022–2023 Budget will propel improvements across Division 2.

Investment includes the two biggest road improvement projects in the city, the Springfield Greenbank Arterial and Redbank Plains Road upgrades.

These are key arterial road links that will see traffic benefits flow across the whole of Division 2 and the City of Ipswich.

Sports fields, parks and playgrounds would also see enormous benefit in the 2022–2023 Budget. These green spaces are vital for the community in providing opportunity for healthy activity and as places to relax and unwind.

Residents will see works happening across Division 2 playgrounds, such as Jane Gorry Park and Grande Park, to replace ageing infrastructure with new and modern amenities.

The 2022–2023 Budget will continue to advance our economic recovery, while laying a strong foundation for future growth.

It will help Ipswich power into a post-COVID era that sets the scene for our city to continue to be a great place to live, work, invest and to raise a family.

DIVISION 2 BY NUMBERS
