Definitions

3. In this local law:

'application' includes a request;

'approval' means a consent, permission, licence, authorisation or approval under an Act or a local law;

'authorised person' means a person who is authorised by the local government to exercise the powers of an authorised person under the provision in which the expression appears;

'recognised qualifications' in a particular field means qualifications prescribed by, or approved under, a regulation as appropriate to a person or body that provides private certification in the relevant field.

PART 2 - LOCAL GOVERNMENT APPROVALS

Form of application

- 4.(1) An application for the local government's approval of a proposal must be made in a form approved by the local government or the chief executive officer.

- (2) The application must be accompanied by documents and materials required under the relevant local law or subordinate local law.
- (3) The applicant must, if the local government or the chief executive officer requires, provide further information, documents or materials in support of the application.
- (4) An application must be accompanied by the prescribed fee.

Local government's discretion on applications

- 5.(1) If a local government has power under a local law to approve a proposal, the local government may:
 - (a) approve the application unconditionally; or
 - (b) approve the application subject to conditions; or
 - (c) refuse to approve the application.

Example:

If a proposal for which the local government's approval is required may result in damage to property, the local government may, as a condition of giving its approval, require the applicant to give reasonable security (which may include a deposit of money, a guarantee or an insurance bond) to ensure that the damage is made good.

- (2) However, the local government's powers are subject to the provisions of the local law and any relevant subordinate local law, and the local government must, in deciding how to exercise its' power, have regard to criteria stated in the relevant local law or subordinate local law.

Projects requiring multiple approvals

- 6.(1) If -
 - (a) an application is made to the local government for approval of a particular proposal; and
 - (b) the local government's approval of the proposal is required under two or more local laws, or two or more provisions of the same local law;the local government must, if practicable, deal with the subjects on which its approval is required together.
- (2) If the local government decides that an approval should be refused on a particular aspect of a proposal for which multiple approvals are required, it may refuse other approvals required for the proposal even though other aspects of the proposal for which approval is required may be unexceptionable.

Private certification

- 7.(1) A local law or subordinate local law may provide that a specified matter is subject to private certification.
- (2) If a local law or subordinate local law provides that a matter is subject to private certification, the local government may accept the certificate of a person with recognised qualifications in the relevant field as evidence that:
- (a) a proposal complies with the requirements under the local law; or
 - (b) a proposal for which approval has been given by the local law has been carried out in accordance with requirements under a local law.

Example:

A local law might provide that a proposal to carry out building work of a particular kind may be approved by the local government if it complies with specified technical requirements. In this case, the local government would, if compliance were made subject to private certification, be entitled to accept the certificate of a person with recognised qualifications in architecture or building design as evidence that the proposal complies with the specified requirements.

Variation of conditions of approval

- 8.(1) The local government may vary or revoke a condition on which its approval has been given under a local law if the variation or revocation is necessary for the protection of public health or safety.
- (2) This section does not limit the power a local government may have apart from this section to vary or revoke a condition of approval.

Revocation of approval

9. A local government may revoke an approval for contravention of a condition of the approval.
