LEGISLATIVE COMPLIANCE

City Operational Plan

The *Local Government Act 2009*, supported by the *Local Government Regulation 2012*, requires council to prepare and adopt an annual operational plan for each financial year and assess its progress at regular intervals of not more than three months. The Operational Plan must also demonstrate how it will progress the implementation of the Corporate Plan during its period of operation. Council may, by resolution, amend its annual Operational Plan at any time before the end of the financial year.

Managing risk

The *Local Government Regulation 2012* requires the management of risk to be included in council's annual Operational Plan. Section 175 provides that the annual operational plan for a local government must state how the local government will manage operational risks.

Ipswich City Council has adopted an Enterprise Risk Management Framework that promotes a standard and systemic approach to risk management throughout council in accordance with AS/NZS ISO 31000:2018.

All identified risks associated with council activities are monitored on a regular basis and/or escalated for review within internally prescribed timeframes. Corporate risks are reviewed every two months. Operational risks applicable at departmental level are reviewed every three months. Council's ELT Risk Committee in December 2020 approved and endorsed the Five-Year Risk Maturity Road Map for 2021 to 2025, to ensure the continued development of council's Enterprise Risk Management Framework and create a benchmark risk management model among other local governments.

The Queensland Plan

Launched in 2014 by the State Government, The [Queensland Plan](#) provides a 30-year vision for Queensland where 'Queensland will be home to vibrant and prosperous communities'. The Ipswich City Council Annual Plan 2023-2024 – which delivers on our five-year Corporate Plan (iFuture) – provides support for this plan at a local level as addressed in [The Queensland Plan Act 2014](#).

GLOSSARY

TERM	DEFINITION
Advocacy	The process of influencing those who hold governmental, political, or economic authority, including influencing those who implement public policies, resources, and projects to the benefit of any specific affected or interest population within the City of Ipswich and adjacent councils.
Annual Plan	A yearly view of how council is committing its resources in achieving the vision of the Local Government Area and moving towards corporate objective. It consolidates the legislatively required elements of the Operational Plan, and Budget, together with the Annual Capital Works Program into one document.
Annual Report	A detailed account of the progress made (during a particular fiscal year) towards outcomes pertaining to a council plan.
Assets	There are two types of assets portable and fixed; these are owned, maintained and/or controlled by council enabling a service to be provided to our community. The main portable asset classes include computers, IT equipment, stationary, safety and emergency equipment. The main fixed asset classes include Roads and Transportation, Parks and Recreation, Drainage and Flood Mitigation, Buildings and Facilities, Fleet Management and Waste and Resource Management.
Budget	Identifies planned expenditure and revenue for a financial year and is approved by the Mayor and Councillors. The annual budget is included in the Annual Plan and each business area is responsible for managing their spending in accordance with the commitments made in their plans.
Capital Works Program	An annual and three-year program of activities, in the Annual Plan, of building, engineering and other works that council adopts to create, construct, and install assets and other facilities. For council, the program's projects typically include delivery of buildings, roads and bridges, structures, parks, and natural areas.
Commercial Business Unit	A unit of a local government that conducts business in accordance with the key principles of commercialisation (e.g. clarity of objectives; robust governance and competitive neutrality) in order to maximise benefits to customers and the community. Ipswich Waste Services is council's sole commercial business unit.

Long-Term Financial Forecast (LTFF)	A 10 year estimation of revenue, expenses and capital expenditure. The LTFF should set out the economic and fiscal outlook for Ipswich and include capital expenditure, expense and revenue estimates for the current financial year, the budget year and nine forward financial years. From its assumptions, the LTFF sets the desired financial boundaries within which the organisation can plan for its future.
Operational Plan	A section of the Annual Plan which sets projects and actions that will be undertaken in a fiscal year period.
Policy	Council's strategic position/viewpoint which assists decision-making on matters that often impact on and are of concern to, the community. Statutory policies are a requirement of legislation and ensure compliance with statutory obligations.

Strategy	A corporate document that sets out council's strategic approach and explains the rationale and underlying thinking for decision making. A strategy captures the following elements for council: where we are, where we are going, how we will get there, how we will know when we get there and if there are any hard deadlines along the way. Strategy and Implementation Programmes are how council will achieve goals and objectives and assist in the decision-making process for the allocation of resources to succeed. A strategy is unfunded and considered an informing document for the development of the corporate plan.
