For parks, sport and natural environment

\$1.3 million

On improvements for Ipswich Civic Centre, Ipswich Art Gallery and libraries

Cr Paul Tully Division 2

Budget Overview

Council's 2018-2019 budget is all about getting on with the job and delivering the essentials for the community.

It's the second biggest budget in Ipswich's history, and core services expected by residents are a top priority.

Ipswich's population continues to grow, and recently passed the 210,000 mark. This budget prepares council for significant growth by allocating money to projects essential to future liveability.

At the same time we have reinforced our city's green credentials with funding to support conservation and koala populations.

Highlights include \$740,000 for installing new and replacement kerb and channelling in Gailes.

Money has also been set aside to implement road safety audit recommendations on Brisbane Terrace at Goodna. This includes upgrading the guardrail and roadside hazards.
